be accliamed a heartless depot. Dispassionate observers are pleased with the progress toward recovery indicated by Mr. Hoover and, while they may criticize minor points in his statement, they are grateful for his ability to restore confidence and forestall industrial and economic depression among those who are far by pointing out that every cloud has enough past narrow-minded par-ties is to believe what he says points right back to the fact that tisanship to believe what he says.

POLITICS AND GREATNESS

When the United States mourns the last journey of William Howard Taft today it is with less thought of him as a politician than of a great character whose ineptitude for politics was balanced by universal general ability and geniality. The forts to hold up the price of wheat office of Chief Justice of the United the Abilene, Kansas, Reflector Says States Supreme Court, which was thoughtfully, that "surely five hundred million dollars can't be wrong." the climax of his political career. was his goal and it was, no doubt, cheering to him that he did not have to gain it by election. William Howard Taft was never a votegetter, in spite of a brilliant career.

It was in his power to make friends and to inspire trust and kindly feeling. Nothing else could for the torture of Itching Skin. This have propelled him along the course of public service so successfully. He of public service so successfully. He merely followed the instincts of his own nature, which radiated friend-liness and good will, and a grateful nation did the rest. It was impossible for the skin irritations. "Respectively, the same properties of the same properties of the skin irritations." Respectively, the same properties of the same pro sible to dislike for long a man whose say, 35c, 60c and \$1,00. All dealers, cordiality and sincerity were so great | = that he made a poor politician.

His good nature was a sever handicap while he served in th White House, but it was rewarded when he was forced out of the pol itical arena. The eight electoral votes which he received in 1912 would have been regarded as a stinging personal rebuke to most men but Mr. Taft accepted the over whelming defeat gracefully, accept ing it only as an accurate indica-

tion of his lack of political acumer The selfish grief of the nation losing so able a citizen is tempered

THUNK OF YOUR AUTOMOBILE IN TERMS OF TOMBEROW

Ultimate cost is as important as first cost in the purchase of an automobile

THEN you purchase an automobile you are making an investment of a considerable amount of money. It is essential, therefore, that you give careful thought to the best selection and know what you are getting for your automobile dollars.

The first cost is important because it may mean an immediate, satisfactory saving. Of equal importance is the ultimate cost after thousands of miles of service. This ultimate cost is the true measure of automobile value.

HE first cost of the new Ford is unusually low not only because of economies in manufacturing, but because the same principles that inspire these savings are extended to every other step that means greater service to the public. It is easy to see that economies in production would be of little value if they were sacrificed later through high charges for distribution, selling, financing and accessories.

The Ford dealer, therefore, does business on the same low-profit margin as the Ford Motor Company. His discount or commission is twenty-five to fifty per cent lower than that of any other automobile dealer. You gain because he makes a small profit on many sales instead of a large profit on fewer sales.

The difference in selling cost, combined with the low charges for financing and accessories, amounts to at least \$50 to \$75 on each car. This is as important as economies in production in keeping down the price you pay for the new Ford.

HE low ultimate cost of the new Ford is the result of sound design, quality of material and unusual care in manufacturing. Friction and wear are reduced by the accuracy with which each part is made and assembled.

These factors combine to decrease the cost of operation and add months and years to the useful life of the car. The good performance and low yearly depreciation of the new Ford are indicative of the enduring quality built into it at the factory.

SERVICE charges are on the same fair, economical basis as the making and selling of the car and replacement parts are always available at low prices through all Ford dealers. In two, three or five years, depending on how much you drive, the saving in operating and maintaining a new Ford will amount to even more than the saving on the first cost.

Think in terms of tomorrow, therefore, when you purchase an automobile. For tomorrow will reveal its true worth.

TRACK RECORDS SMASHED NEW ATHLETIC ERA

By JAMES L. KILGALLEN
ST. PETERSBURG, FLA, March
field history of Salem High school
have been recorded on books for
any great length of time. The past
few years have witnessed the
smashing of many records of long
smashing of many records of long
smashing. Out of 14 records in Red
standing. Out of 15 records in Red
standing. Out of 16 records in Red
standing. Out of 16 records in Red
standing. Out of 16 records in Red
standing. and Black track and field activities, and Black track and field activities, predicting what his troupe would do nine have been made since 1926 and a tenth was tied. Only four marks he was peering at a formidable games as he is able to play and the of more than 14-years' standing are looking aggregation of ball players, still listed as records.

| looking aggregation of ball players, including Babe Ruth, highest paid gotiate the full schedule. He rather indignantly asks: "Why not?" Earle

Two new records were established in 1929, one in the mile relay and the other in the mile run. Five records were broken and one equalled in 1926 and two more were surpassed and a third tied in 1928.

ALL LINES OF athletics are now administered in 1929 has had its efsurpassed by coming Salem spirit, teams. Records were never to stand forever and it seems that none ever shall.

The mark which will probably stand the greatest invasion of Salem High aspirants to record-breaking honors is that of His record in that event was created when he won first place with a leap that broke the world's interscholastic record by more than six inches, being measured at 13 ft. 3 3-16 inches.

High star is the possessor of laurels n each. His state mark, created in The oldest record on file was

established by Oscar Gray, since deceased, in 1912. He ran the 100-yd. dash in 10.2 seconds. Other old-time records and their holders follow: Omar Rinehart, 220-yd. dash,

23 seconds, 1916; Russell Myers, shot put. 45 ft. 7 l-4 in, 1916; Russell Myers, discus throw, 121 ft. 4 in. 1916; Edwin Leyda. broad jump, 20 ft. 6 1-2 in, 1914.

LEYDA'S MARK WAS tied in 1926 by Jim Gregg who is co-holder with Arnold Seeds of the low hurdle he crashed the former coun-ecord. It was tied by Seeds two

HAROLD WALKER holds the new mile record of 4 min. 41.5 sec, running the distance in that time at last year's county meet. Salem High's relay team, composed of Ron ald Hutchinson, Johnny Floyd, Len Yates and Glenn Whinnery set up new relay mark of 3 min. 41.5 seconds in the same meet.

Leonard Yates, promising sophomore at Salem High, will not be able to compete in track it appears latest available reports. He has been bothered with a serious that has become critical of late and threatens to make him drop athletics entirely. The injury is believed to have been started last football

Rockne talks, lives, eats and enjoys football on the sands of Miami Beach, Florida, just as easily in March as he does in his workshop at South Bend or across the banquet table at any other time of the year. His youngest son boots a football around the sand. Scouts, coaches, friends, pupils and rambling journalists visit "The Rock" to bask in the sun, hear the waves break-and talk of the gridiron.

to speak, on the sands where he has spent most of the winter recovering from the very serious leg ailment, a blood clot that kept him from even being on the side-lines in most of the games Notre Dame played last season. The famous oach has made a remarkable come back and is now well on the road to complete recovery. He still favors his leg but can get around easily Tanned a deep brown, he looks as rugged as ever, but he has decided that his days of going into the lin to show the boys how to block are

"You know, my injury may be traced to the bumps and bangs I ook out there for years on the practice field," said Rockne. "I liked to get out there to show 'em how to do it. I would anchor myself and invite a guard, for example, to try o bowl me over. I took many a humping around the legs and highs which probably contributed o the condition that laid me up last

"I don't know whether we will have as great a team in 1930 as we did in 1929," went on Rockne. "Teams like that are hard to duplicate. The boys showed great spirit under Tom Lieb. They knew their stuff.

"But there doesn't seem any reason why we should not have another good outfit. It may be necessary o put some sophomores in the line SAN ANTONIO, TEXAS, March but as you know we have a veteran but as you know we have a veteran backfield, losing only Jack Elder among the regulars.

A fork Giants' attack
ported for work but both are some
what the worse for wear.

Lindstrom, who has not yet signed a contract, finished his first
workout with a blister on his throwing hand while Terry didn't even
wait for his first practice to complain of a sore thumb. He had it

Thursday, March 13th. we start a

Special 9-day demonstration

of the new Frigidaire HYDRATOR

Desserts and salads will be served. New recipe books will be given away

Be sure to attend!

Here's your opportunity to find out all about the marvelous new Frigidaire Hydrator.

On Thursday, March 13th, we start a special 9-day demonstration -one of the most interesting ever held in our showroom.

We will show the Hydrator in actual use-just as you would use it in your home. You will see how lettuce is made tender and brittle by the Hydrator's moist, reviving cold. You will see how celery and radishes take on added crispness-how tomatoes are improved in texture and flavor. You will see how convenient it is to keep all your vegetables in one compact compartment -how the Hydrator saves shelf space-how it simplifies marketing. And that is not all you will see.

Phone 1171

Fast freezing exhibition

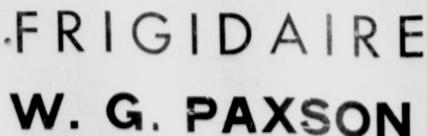

The latest household cabinets in gleaming Porcelain-on-steel will be on display.

The famous "Frigidaire Cold Control" will also be demonstrated. You will be shown how this device freezes ice faster-how it permits you to make scores of unusual desserts that require extreme cold.

Freedessert and salad recipe books

And we'll give you an opportunity to taste the better dishes made possible by the Hydrator and the "Cold Control." A cooking expert will prepare and serve unusual salads and frozen desserts during the entire period of the demonstration. And we've arranged to distribute two souvenir

SPECIAL OFFER UNTIL SATURDAY, MARCH 22nd We are prepared to make a liberal special offer to all who buy Frigidaire during our 9-day demonstration. Let us tell you about this offer. Let us tell you about our easy payment plan. Come in at your first opportunity. We will be open evenings until ten o'clock every day of the demonstration.

drator the following morning. The magic action of the Hydrator has restored the celery to its original state-fresh, crisp,
